LEADERSHIP ACADEMY

MISSION

The Maryland REALTORS® Leadership Academy is dedicated to broadening and enhancing the leadership skills and capabilities of real estate professionals to prepare them to assume leadership roles within the industry and community.

REAL ESTATE PROFESSIONALS LEADERSHIP ACADEMY

The Maryland REALTORS® extends a special opportunity to members interested in developing and strengthening their leadership skills and knowledge. This challenging and rewarding leadership development opportunity will broaden the base of your core abilities to prepare you to accept leadership roles within the association at the local, state and national levels, as well as fortify your leadership presence in your community.

APPLICATION AND INTERVIEW PROCEDURES

Participation is open to all REALTOR® members and affiliates. Applications are accepted in the spring/summer and interviews for program selection are held in late summer. Acceptance into the Academy is based upon the interview. Efforts are made to balance class participation according to business specialty, geography, and Maryland REALTORS® diverse membership. The seven sessions are generally held on the first Thursday of each month beginning in October. Attendance is mandatory. Only one session may be missed, and it must be made-up during the next Academy program in order to graduate.

The non-refundable tuition includes the training sessions, continental breakfasts, lunches, and instructional materials.

SELECTION CRITERIA

Participation is open to all REALTORS®. A maximum of twenty (20) individuals can be selected to participate in each Academy program. The Maryland REALTORS® Leadership Academy Committee members select Academy participants based on the interview and the completed application. The selection panel will be seeking representation from a cross section of the REALTOR® profession. These potential leaders may be active in business, education, the arts, religion, government, community based organizations, ethnic or minority groups, or real estate specialty areas.
